

ALL STARS LOSE GAME SUNDAY

**Bay Boys Drop Game to
Ocean Springs, 7 to 4—
Claim Poor Treatment.**

The Bay St. Louis "All Stars" baseball team played a game over in Ocean Springs last Sunday with the nine representing that city and were counted out by a score of 7 to 4 after a rather stormy session, during which one of their local uninsured who permitted his civic zeal to baffle his judgment, was ejected from the game on account of the rank decisions he gave.

The Bay boys declare that it was a case of either lose the game or walk (perhaps run) out of the town.

Fully five hundred people witnessed the game, which, for six innings, was a pitchers' duel between Capdepon for the Stars and Barksley of the Springs sensational fieldings on both sides kept the score board clean. The Stars scored the first run in the seventh frame when Jack Lander was given free transportation, stole second and romped home on Favre's long drive to left center.

Ocean Springs scored two in their half of the seventh and came back in the eighth with a quin'tet of runs to salt the game.

It was in this frame that the umpire was taken out on account of his decisions.

The Stars staged a rally in the last inning, piled up three runs, but that was not sufficient to offset the lead of the O. L. players.

The Stars challenged the Ocean Springs team to play a return game at Bay St. Lou's, but they would not accept.

One of the features of the game was the fielding of the first base position by Guss Capdepon, who got 18 assists and two unassisted putouts without an error.

A game at Rockachaw Park with the Cuevas Radio, of Pass Christian, will be next on the cards.

Score by innings:

**Displays Speed in First Workout in
Madison Square Garden—Road and
Gym Work Keeps Sharkey Busy—
Confident of Victory.**

Cocky, aggressive and with a glint of battle-in-his eyes, Jack Sharkey, of Boston, has begun his final training for the bout with Jack Dempsey on July 21st.

In a modern gymnasium atop Madison Square Garden, New York, the Lithuanian, wife at present rules a favorite over the former champion, boxed, punched and leaped and skipped rope while several hundred cast customers looked on admiringly.

Sharkey followed his early morning road run around Central park with a fast workout in the gym, and then declared himself in as winner of the forthcoming bout.

"I'll whip him in a few rounds," said Sharkey.

The reputation of his opponent, the report of Dr. Fralick, advisor to the State Athletic Commission, who declared Dempsey physically fit, and the rumors from Saratoga which declare the former champion to be his old self are dismissed by the Lithuanian with a shrug.

"I've heard too much about Dempsey," Sharkey said as he hung up his gloves after three fast rounds with Rocky Stone, a Boston heavyweight. "If anyone thinks Sharkey won't be there when the fight starts, he's crazy."

Sharkey skipped aboard the scales at 195, a few pounds lighter than his weight in the recent affair with Jimmy Maloney.

The Boston heavyweight intends to work from now until a week from Sunday, four days before the fight, without a let-up. He will enter the ring against Dempsey in the vicinity of 191 pounds.

**Lumberjacks Lose Game
to Gulfport Dana Feed Co.**

In a listless and ragged game at Klin Sunday the Dana Feed Company of Gulfport City League defeated the strong Klin Lumberjacks, 9 to 3. Both hurlers were unsteady, being very liberal with hits. The Dana Feeds bunched hits in the third frame for three runs and added to their lead regularly. Klin scored one in their half of the third on a single by Lott, which brought Byrd in from third. The other two runs resulted from two home runs by Crowe, Lumberjack rightfielder.

The Klin Lumberjacks used a shifted line-up. Three regulars being out of the game, Walken, thirdbaseman; Old Man Summers, pitcher; Laddner, outfielder, being on the absent list. Collier went the entire route for Klin with Bon temps behind the bat. Burke, star catcher for the Lumberjacks, covered the hot corner and gave a wonderful account of himself. Fred Smith, a former St. Stanislaus star, had charge of the doorway position for the visitors and captured the batting honors of the day with three safeties in five trips to the plate.

The outstanding feature of the game was the hitting of "Gene" Lott, a 16-year-old star from the Klin High school. This youthful prospect earned for himself the coveted honor of "local Babe Ruth" by putting the ball over the right field wall for the circuit twice. This is a feat that is expected to stand for quite a while. Lott had a total of ten hits from his 18 trips to the plate, and

Day By Day in Mississippi

On last Thursday a petition was filed with the Interstate Commerce Commission by the northern division of the Gulf and Ship Island Railroad seeking to construct 150 miles of new line in the east central portion of the state. It is thought by those familiar with the railroad situation in Mississippi that this move on the part of the Illinois' Central interests is in answer to the trunk line created by the Burlington, the G. M. & N., the Jackson and Eastern and the N. O. G. N., and is primarily intended to offer competition to this system in the rich lumber district in that portion of the state through which the proposed line is to run. The entire Pearl River Valley lumber district extending from Mendenhall north of the I. C. interests and more will be greatly benefited by this rapid development of this section is sure to follow the installation of this new rail service.

It would appear from reports circulating about the state that Mississippi is soon to become the "cheese center" of the universe. One plant is already in operation at Yazoo City, two others are to be built at Durant and Louisville by the Kraft Cheese company, and still in the state which expect to acquire factors in the future and which are desirably located for the establishment of such a plant are West Point, Meridian, Brandon, Forest, Hickory, Carthage, and Perryville. The Stars scored the first run in the seventh frame when Jack Lander was given free transportation, stole second and romped home on Favre's long drive to left center.

CITY ECHOES.

Mr. C. C. McDonald, local business man, was a visitor to Biloxi a few days ago and registered at the Riviera Hotel of that city.

Among the Fourth of July visitors to Gulfport was Miss Mayme O'Don, who registered at the Hotel Markham, which is growing in ascending popularity with Bay St. Louisians.

Bro. Peter, president St. Stanislaus college, will leave within next few days for the interior and other Louisiana points in the interest of college attendance 1927-28. He expects next year's attendance to exceed all former records.

E. J. Arceneaux, foreman Edwards Bros., left during the week for Morgan City, La., where he is enjoying his vacation and visiting the folks back home. Mr. Arceneaux was one of the ardent and successful workers for the recent Catholic church fair.

While six hundred autos are reported passing over the Pascagoula bridge July 4th, 1926, official figures this year report the number over twelve hundred. There is no speculation what the number will register next year.

Sister Lucilla, formerly of the local convent, but now of St. Joseph's, at Baton Rouge, La., passed through Bay St. Louis Tuesday night en route to Cincinnati, Ohio, where she will visit her sister, known in religion as Mother Regino.

While in the city Thursday of this week, Governor Murphree was the personal guest of Representative Robert L. Genin, personal friends of long standing. Mr. Genin is enthusiastic over the governor's chances of election and is locally active in the cause.

A perusal of the weekly newspapers from over Mississippi would suggest Bidwell Adam, candidate for lieutenant-governor, is meeting with such success as to give his candidacy momentum. He is young, active and inspiring, and the voters wish new blood and men free from the taint of factionalism. Hancock will carry for Adam, apparently.

Cyril Glover, son of Postmaster and Mrs. H. C. Glover, underwent a surgical operation at Tours Infirmary, New Orleans, for appendicitis, during the early part of the week, and friends will learn with more than ordinary interest of his continued improvement. He is a most excellent young man and his early and permanent recovery is eagerly anticipated.

So successful and to meet a popular demand, members of the Women's Benevolent Association are contemplating repeating their success of last week, "Sophronie's Wedding." This is well. Those who missed this excellent entertainment will be glad to embrace the opportunity of attending, while many more will be delighted to view it a second time.

Driving of piling for Bay St. Louis bi-county bridge from Harrison county shore side has reached out into that point of the water where operations are in progress sinking the caisson for support of the drawbridge, situated about opposite the L. & N. draw. So much finished gives the work considerable headway and information from the construction company to the effect completion will be affected during October.

Red Letter Day

Saturday, July 16th, promises to be another "red letter" day in the history of Bay St. Louis, on the occasion of the Bay-Waveland annual regatta.

Moses Breath, Sr., Breath, Jr., McDonald, Sporn and others from Bay St. Louis will represent the city with their modern and speedy boats.

At night, the day's festivities come to a close with the annual regatta ball at the Bay-Waveland Clubhouse.

Rents Municipal Pier.

The Board of Mayor and Aldermen of Pass Christian, in session, Wednesday night rented the use of its new municipal pier to the Yacht club at a fee of \$1.00 per month, for one month, as an experiment. Renting there was an unusually active and

FOUR-H CLUB BENEFIT.

The 4-H Club of Waveland will give a lawn party at Shiel's club to raise funds in order members may attend the special course at Jackson. The committee in charge is composed of Mrs. Gordon Smith, Mrs. E. B. Schwartz and Mrs. W. O. Mopp.

With election Tuesday, August 2nd, candidates have comparatively only a short time in which to campaign.

Misses Iolanthe and Oleah Maupfray and Miss Heloise Quintini have gone to Ramsey Springs, Miss., where they will spend several weeks in quest of rest and recreation.

Mrs. (Dr.) Jas. A. Evans and children, who have been spending the past several weeks at Dresden, Tenn., visiting under the parental roof, are expected to arrive home Sunday.

Members of the Women's Benevolent Association are planning to leave Monday in quite a number for Ramsey Springs, Miss., where they will spend a while in recreational pastime. The vacation is planned by the Misses Engman and is promising of much to look for.

Mrs. Bernard O'Connor and daughter, Miss Martha O'Connor, are down from Indianapolis, Ind., visiting the old home of former days, guests of Mrs. O'Connor's sister, Miss Ruth Cazeneuve, and aunt, Miss McCorry, and will remain for a while, as per annual custom.

Miss Louise Jackson, of Birmingham, is visiting Miss Eleanor Mae Hyams, at the latter's summer home on the South Waveland Beach Drive.

"Bill" Colmer, candidate for office of district attorney, came over from Pascagoula during the court days this week and mingled with many friends from over Hancock county and other points in the district. "Bill" feels quite sanguine of his success and says prospects are most encouraging.

Mr. George R. Rea, treasurer of the national organization of Kappa Sigma, left Wednesday night for Cleveland, Ohio, en route to Boston, Mass., where he will attend the convocation of the fraternity. By virtue of this office and his active connection with the national Kappa Sigma frat, he is known over the country in college circles. From Cleveland, Mrs. Rea will accompany him, and spend a short while in New York City on the return trip.

Not that the juvenile population is no longer good, the Board of Mayor and Aldermen has wisely changed the name of Goodchildren to Sycamore street, and, no doubt, there are other streets over the city that might be given better names. New Orleans changed its Goodchildren street to St. Claude avenue. It is now one of the best built-up and attractive thoroughfares of that city. Incidentally, it might be suggested while we are changing the names of our streets it might be well to widen them at the same time.

The remains of Mrs. Jno. Lister, who died the Sunday previously, were taken to Grand Bay, Ala., Saturday morning, accompanied by her sons, from Grand Bay and two from California. Funeral held awaiting the arrival of the later two. The remains were laid "at rest" along side Mr. Lister, whose death preceded by some twelve years, and who was well known as L. & N. claim agent. Mrs. Lister's death is generally deplored. A woman of culture, personal charm and endowed by innumerable attributes both of heart and mind, her departure is all the more regretted.

George Suzeneau, young son of Mr. and Mrs. George Suzeneau, residing in Kell Avenue, and a recent graduate from St. Stanislaus, is now touring the southern cities, a member of the "Louisiana Troubadours" orchestra. The "Suzeneau Troubadours" of the musicals, "Last year the entire city of Selma was carried away with the organization of capable musicians, which at that time were booked in for one week. This week they are scheduled to be at the Academy for just two days. Their selections are popular and are rendered with the usual pep and snap which has centered around this organization." So it is noted the coming of the Troubadours is eagerly anticipated. George is quite a musician and an outstanding acquisition to the orchestra.

So successful and to meet a popular demand, members of the Women's Benevolent Association are contemplating repeating their success of last week, "Sophronie's Wedding." This is well. Those who missed this excellent entertainment will be glad to embrace the opportunity of attending, while many more will be delighted to view it a second time.

Red Letter Day

At noon, the wedding service at the Church of the Annunciation, Kiln, Thursday afternoon, July 12th, 1927, when Rev. Father A. O. Berlin, pastor, united the hearts and future of Mr. Leon C. Capdepon, of Bay St. Louis, and Miss Ena Maupfray, of Kiln.

The ceremony occurred at 8 o'clock a.m. and with a long line of attendants was most effective. The beautiful and youthful bride was attended by Miss Mary Grace Sims, of Jackson, Miss., as maid of honor, with Mr. Ernest Edwin, of Bay St. Louis, as best man.

Bridesmaids were Misses Edwin Lot, Edna Head, Marie Banderer, Hazel Hartley, Groenewald, Messrs. Stanley Kuhl, Luder Maupfray, Bert Ward, Sigerson and Norton, Ring master Bob Burns, Flower girls, Marcel Moree and Mary Elizabeth Jackson.

The bride was given away by her father, Everard Maupfray, and her youth and beauty looked to advantage.

The wedding march was effectively discoursed with organ by Mrs. Weber, violin by Miss Louise Armstrong, while Mr. Weber sang one of the well-known wedding solos.

The bride, daughter of Mr. and Mrs. Theophile Maupfray, the former deceased, was dressed in a creation of white chiffon and taffeta, wreath and veil. She carried a shower bouquet of Bride roses and lillies of the valley.

Bridesmaids becomingly wore pink with picture pink hats, and carried pink carnations, with a color motif throughout of pink and white.

Unusually handsome were the church decorations, Shasta daisies and asparagus ferns in tasty profusion banked on every side.

A reception followed the ceremony at the home of the bride's mother. At noon the bridal party departed for points in Florida, where they plan to spend their honeymoon, and on their return will make their home in Bay St. Louis.

The groom is the only son of Mayor and Mrs. Leon C. Capdepon, prominent residents of Bay St. Louis. He is an attache of the Mississippi Power company, at the home office at Gulfport, and commutes daily. He is a graduate of St. Stanislaus college, well versed and popularly known to many friends along the Coast and in New Orleans.

The Echo joins the friends of both contracting parties in extending best wishes and heartiest congratulations.

Bay St. Louis Drivers Urged to Be Careful

Statistics show that there are 22,046,937 automobiles in the United States of which number Hancock county has its proportionate share, and, therefore, shares proportionately in the number of accidents and mishaps which annually befall the autoist.

While there is constant danger on the public roads from accidents through carelessness auto driving, probably the greatest danger to auto drivers lies at railway grade crossings. There are 232,755 railway grade crossings in this country. Last year statistics show that 2,492 persons were killed in automobile accidents at such crossings and 6,991 persons were injured to a greater or less degree.

While in many instances the accidents at railroad crossings are due to the carelessness of the drivers of cars themselves, yet there is a steady demand for the elimination of grade crossings. Millions of dollars are being spent annually in the elimination of such menaces, and when they have all been eliminated, the foolishness of auto drivers in racing to meet trains to the crossings, and the like will protect them from the dangers which are now constantly hanging over their heads.

With Hancock county having its share of autos, it also has its proportionate share of reckless and careless drivers. These drivers have to be protected against themselves by all kinds of rules and regulations, warnings and safe guards. If it were not for these protecting agencies the annual toll in killed and injured would amount to considerably higher figures.

Crossing Commandments.

Thou shalt learn to recognize railroad crossings and approach them with extreme care.

Thou shalt listen and look both ways for trains.

Thou shalt be doubly alert if there are two or more tracks.

Thou shalt not covet the right-of-way of trains at crossings, that the enjoyment of the car may be continuous.

Thou shalt not kill the passengers within thy car.

Thou shalt not, at crossings, depend upon the car ahead.

Thou shalt not try to beat the train.

Thou shalt keep thy brakes girted with effective brake lining.

Thou shalt take the safe course always.

Thou shalt cross crossings cautiously.

GOING AWAY CLOTHES.

The last few weeks before going on your annual vacation are usually busy ones. So much so that you have been unable to give much thought to your going away wardrobe. Nothing has been lost. Come to our clothing store and we will outfit you to your entire satisfaction in a very short time. Our clothes are built on the very latest models.

Political Rally in Waveland.

Voters and others in Waveland and vicinity will have the opportunity this Friday night, the 15th, of hearing "Bill" Colmer, candidate for district attorney, address the voters in the interest of his candidacy.

Bryan Russell and W. J. Fleming, candidates respectively for representative from Hancock county, will also address the voters. The public is invited to be present.
